Help this data dump truck find its way out of the dump and back to the city streets.

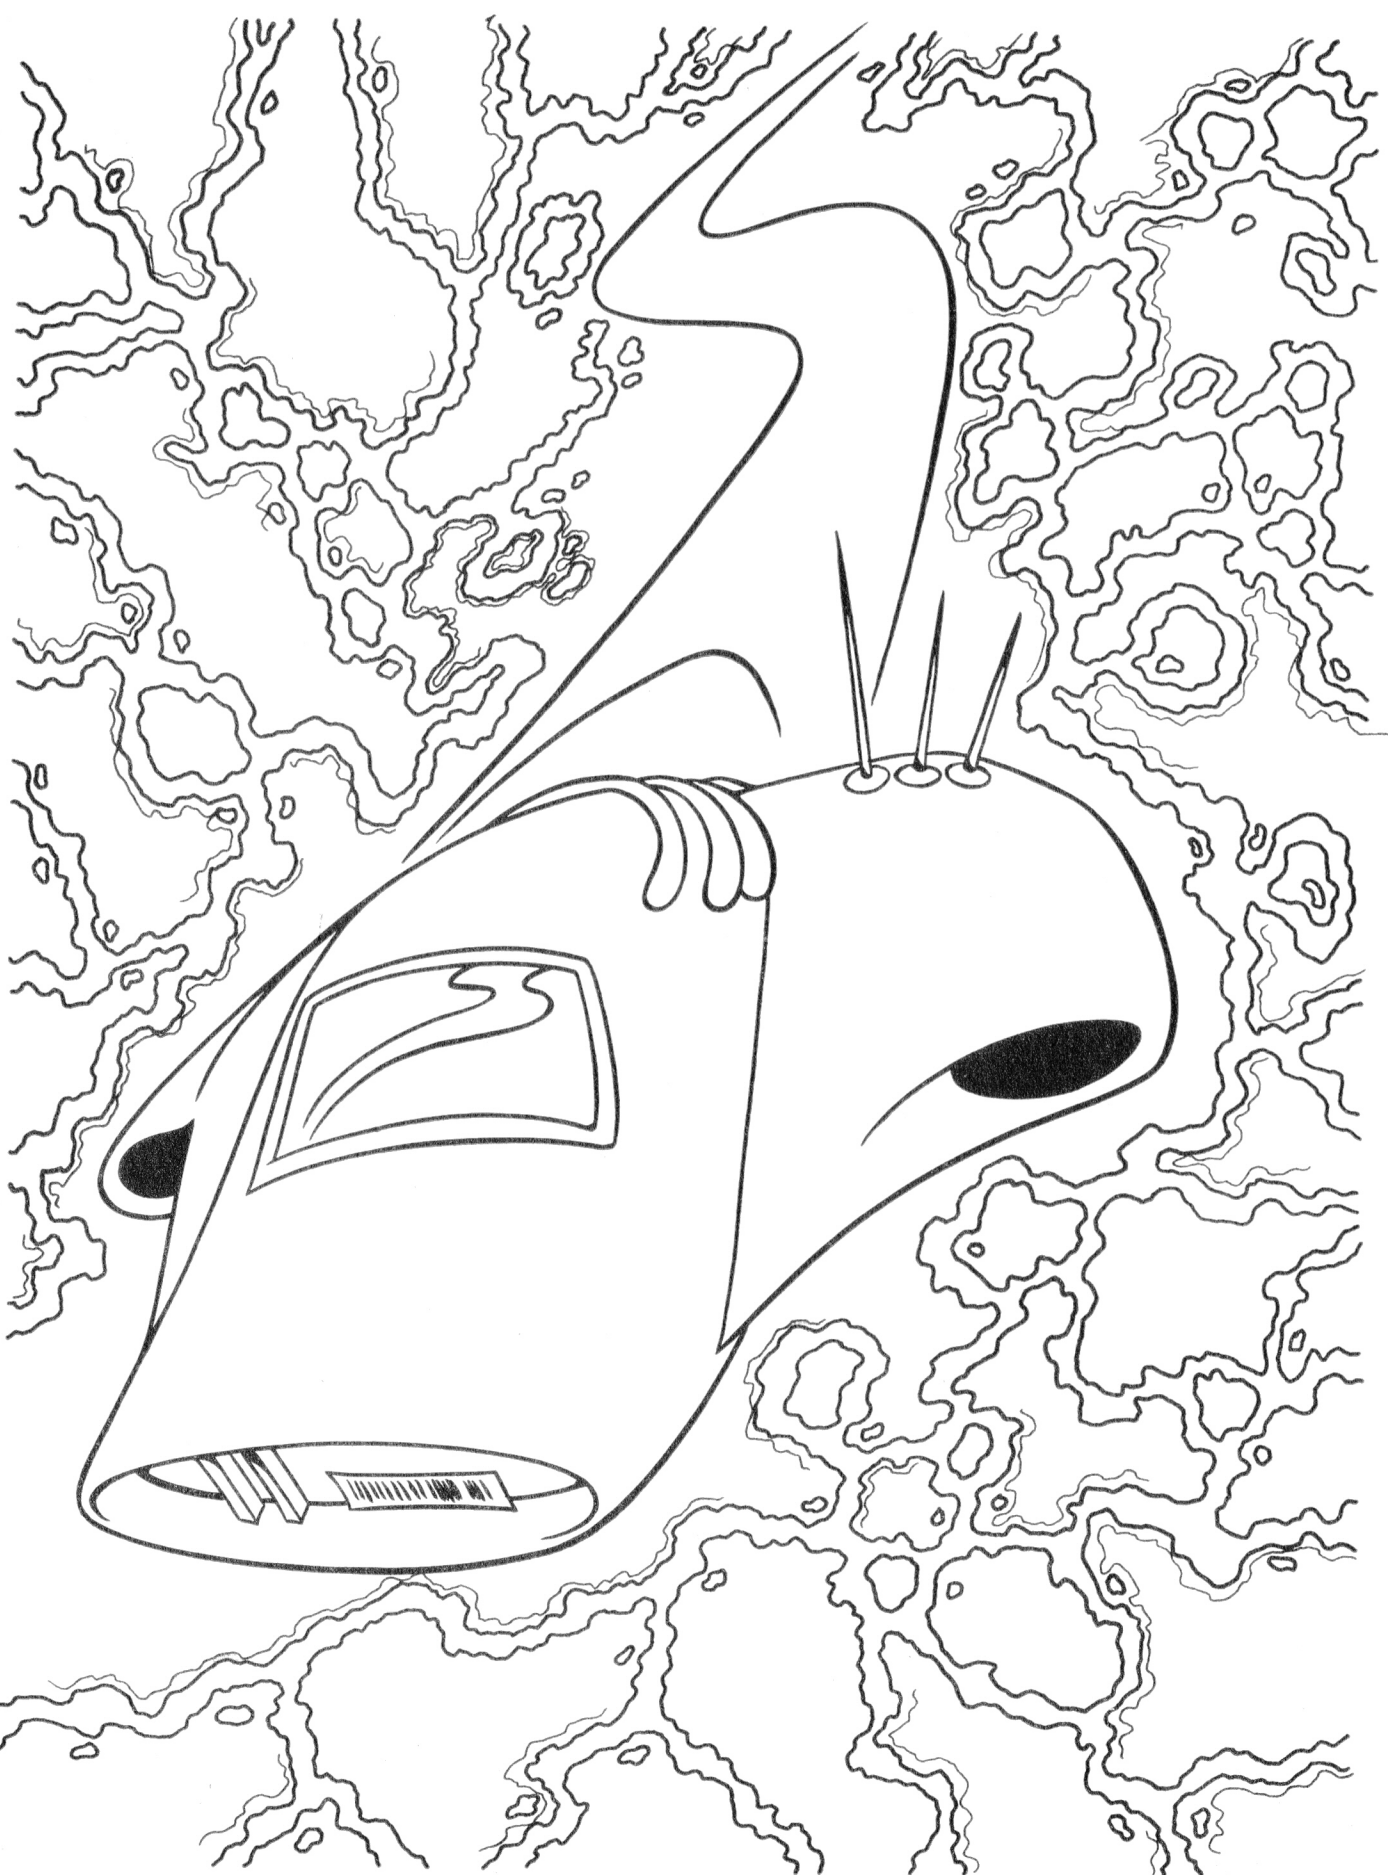

DOT'S GAME

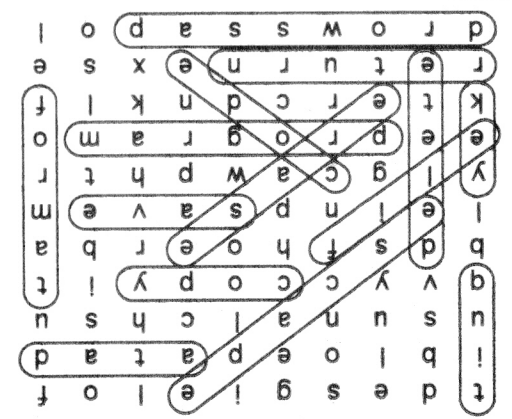

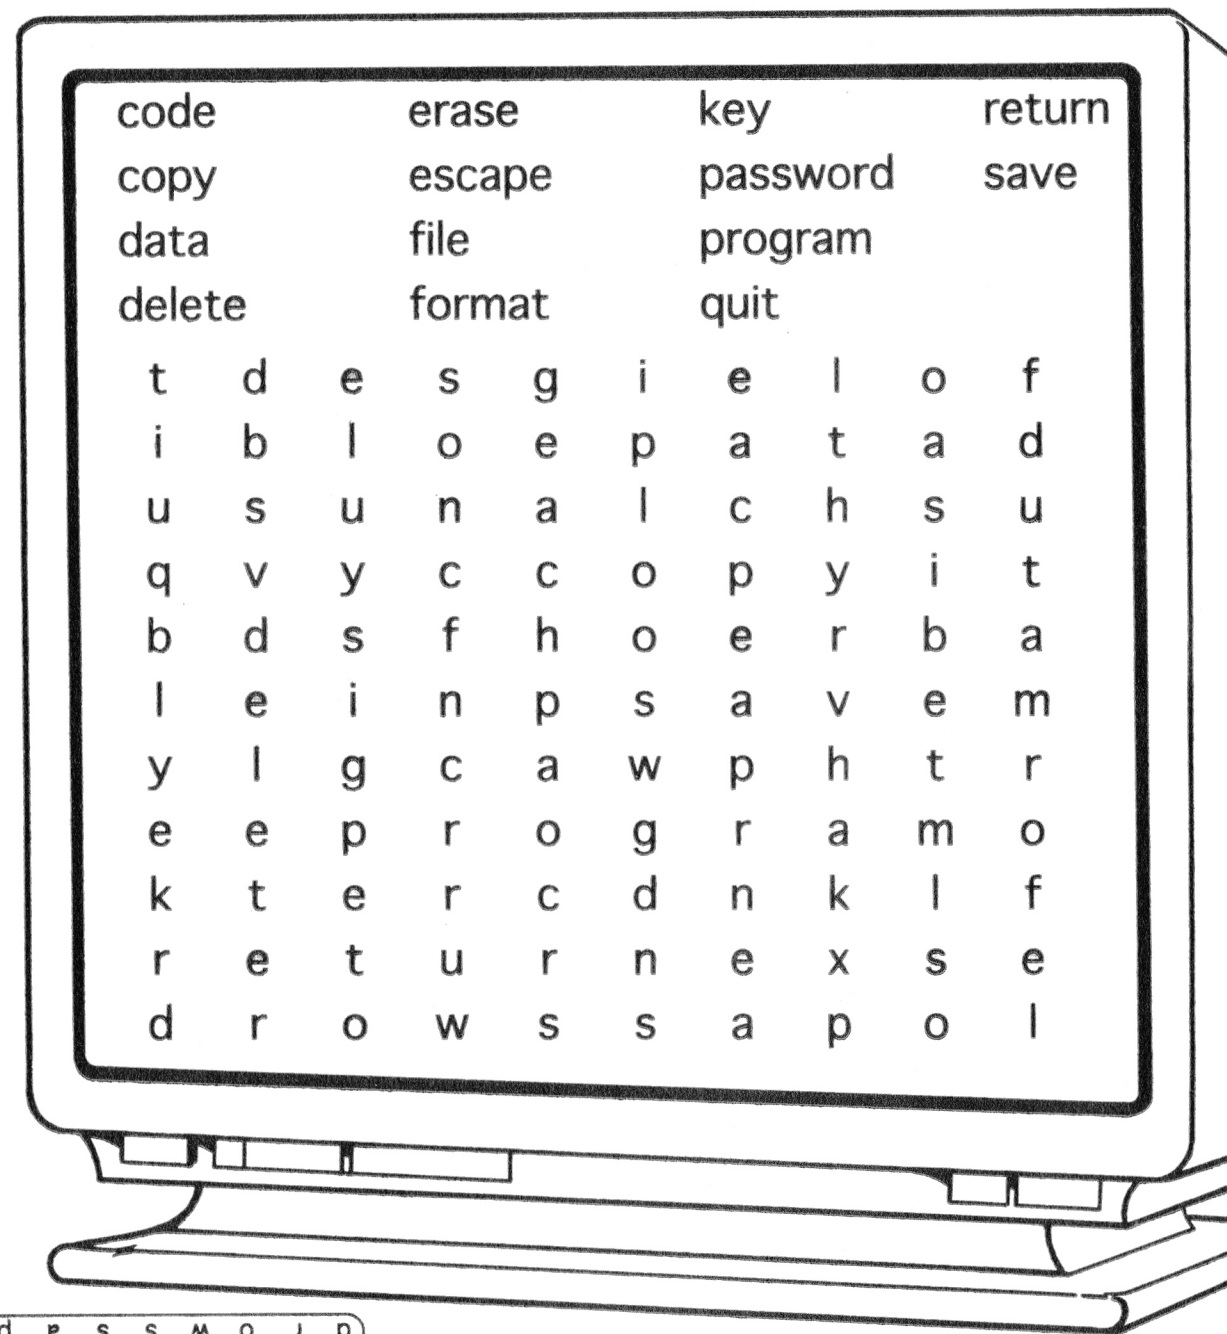

(A Game for Two or More Players)

Take turns drawing a straight line between any two small triangles to make a square. When you make a square, initial it and take another turn. Count 1 point for empty squares, 2 points for squares with Bob inside, and 3 points for squares with Dot inside. When all the small triangles have been connected, the player with the most points wins.

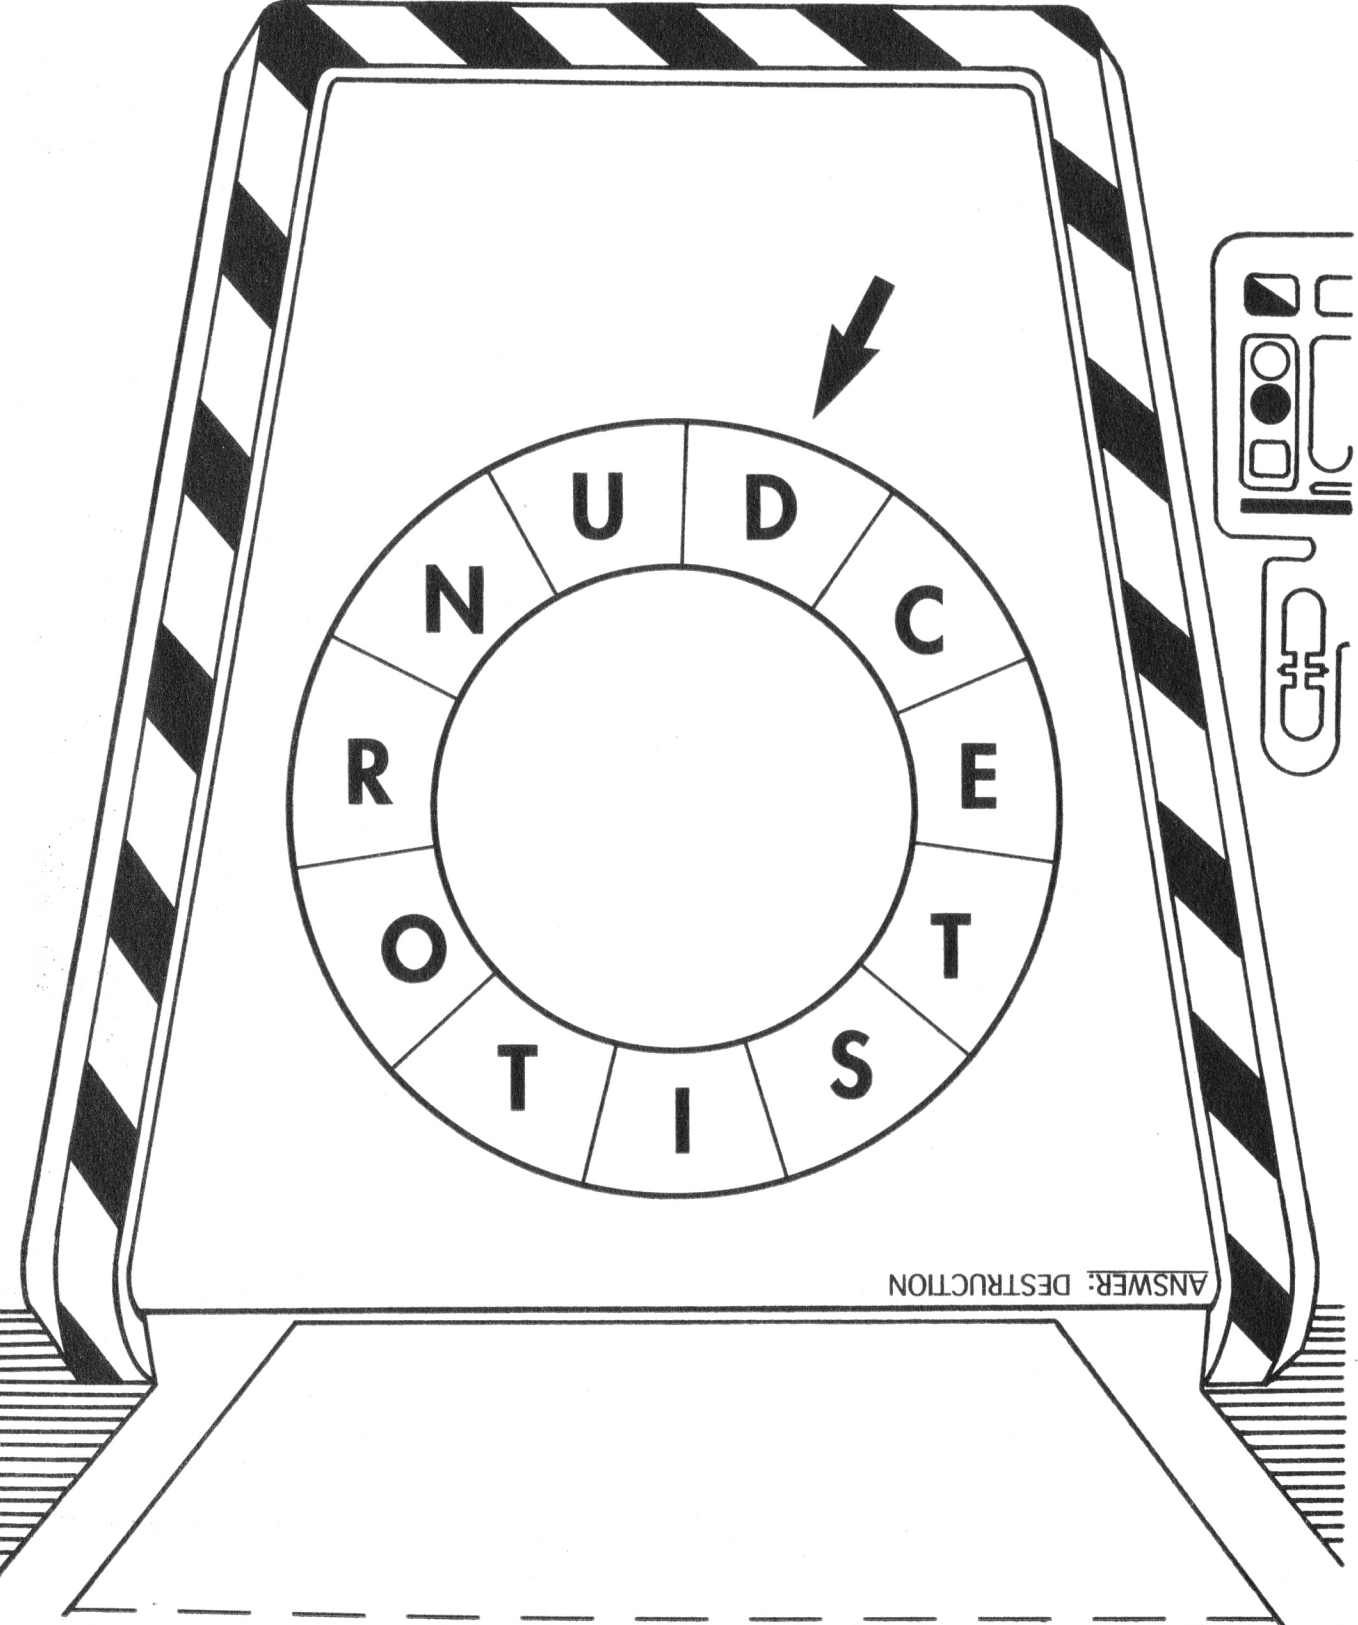

Find and circle the computer words. Look up, down, forward, backward, and diagonally.

Bob wants to get inside Megabyte's control room, but he needs a password to enter. Find the secret password on the doorknob. Beginning with D, move clockwise and write every other letter on the lines below. Go around the circle twice.

Help Bob get to an important meeting with Phong. But, watch out—one wrong turn can put him in danger!
